

# Backyard Prairie Kit

The Backyard Prairie Kit is great for small contained areas to add a touch of tall flowering species. Prefers Dry to mesic soil in full sun. Great way to bring in Pollinators. **Height: 3 - 5ft**

**Kit Details:** 36 plants; six plants of six different species. Species included will be suited for Aitkin County in a variety of bloom times and blossom colors.

**Planting Recommendations:** 12"-24" spacing. Remove unwanted vegetation including weeds. Dig a hole slightly larger than the plug, plant in hole & press soil around plug.

**Maintenance:** Routine cutting, no shorter than 7 inches from the ground. Keep up on weeding to give the native species room to grow.
